

## Internships

Church Extension offers short-term internships for men seeking to learn more about church planting. The intern will be assigned to a church planter. An internship will be designed to meet the interests of the intern along with the needs of the church planter. An internship can also be designed to coordinate with an intern's college or seminary program for credit.

## Aquila & Priscilla Teams

Aquila and Priscilla partners (A&Ps) are families, couples or individuals who come from another church and minister alongside the church planter in a mission church. A&Ps serve under the jurisdiction of Church Extension Ministries (CEM) of the Bible Fellowship Church (BFC). Aquila & Priscilla partners offer their time, energy and financial support to a mission church. These partners in ministry may be sent out by a church and may be considered "home missionaries". For an application, go to [churchplantingbfc.org](http://churchplantingbfc.org) on the Resources page or email [office@churchplantingbfc.org](mailto:office@churchplantingbfc.org).

## Short-term Mission and Service Opportunities in Church Extension

## Mission/Service Projects

Various ministry and service opportunities are available with the mission churches of Church Extension Ministries.

- ❖ Summer VBS Programs - A youth, young adult or adult group could come to one of our missions and either assist or hold the entire VBS program.
- ❖ Evangelistic Outreaches - Groups may come for several days and do **community Gospel saturation** or other evangelistic programs designed for the group.
- ❖ Community Surveying - In new areas of church planting, survey work is very important. A group could assist in the door-to-door surveying of people in the target community.
- ❖ Cross-Cultural Assimilation - Preferably an individual or very small group could spend some time with one of our church planters who serves a cross-cultural ministry, i.e. our Hispanic church plants.
- ❖ Work/Service Projects - Some of the mission churches in Church Extension have properties, parsonages and meeting places which need ongoing upkeep. A group could organize a visit to one of our missions and work on a project.
- ❖ Other Opportunities - In the past, some groups held concerts, street puppet ministries, beach evangelism and more. Use your imagination to have a great ministry experience with Church Extension Ministries.

## Transitional Leadership Teams (TLT)

The TLT is a group of pastors, elders, and other men from the Bible Fellowship Church (BFC) who are appointed by the director of Church Extension Ministries to assist with the development of the mission church until local elders are installed. The TLT members provide spiritual care and support for the church planter. The TLT members encourage, counsel, and guide the church planter and their flock. They keep the director informed by sharing their minutes and through consultation if needed.
