

# NEWS FROM THE CAPE

## GOD IS MOVING IN CAPE MAY!

In 2021 and 2022, Cape Community Church has become a hive of activity for the church and the community. For years, we have been the Warming Center for Middle Township, and this past January, we stayed open for the homeless during a major snowstorm for three days. What an opportunity to show the love of Jesus! January was easily the coldest month since we moved here and we had many opportunities to build relationships, watch people move into their next home, and find employment. It was a mutual blessing for our guests and our volunteers!

We have also been blessed with new ministry partners!

- **Deeply Rooted** - We have begun hosting a homeschool co-op at the church that serves over 350 families. This has added so much life to the church during the week with little feet running around and it is great for the community to see how much is happening at CCC!
- **Child Evangelism Fellowship** - We will soon be hosting summer Backyard Clubs. Our prayer is for Good News Clubs to begin in the local schools where children need to hear the saving message of the gospel.
- **Iglesia Evangelica Cristiana Redimidos Por Gracia** - While we prayed about how best to utilize our beautiful chapel while worshiping in the Family Center, we were contacted by Pastor Gilberto Mercado and his new Spanish language congregation that was looking for a space to meet on Saturday night. We were thrilled to be able to offer the chapel and this past Christmas Eve, we enjoyed worship and fellowship together as one congregation with a candlelight service. We hope to worship and fellowship together more often in the years to come!

**Prayer Walks** - Our Prayer Walk Ministry has continued through the pandemic and has presented the gospel to hundreds of lost people in Cape May Court House and Rio Grande. We've had opportunity to pray with local police and firefighters. We also walk at the motels in the winter, handing out coats, shoes, and care bags for the homeless staying there. It has become a visible representation of his hands and feet in Cape May!

## Prayer requests:

- Ministry to the children in Cape May County
- Effective discipleship of our church body
- Continued outreach opportunities
- Continued growth, both spiritually and numerically
- Our financial needs would be met

## THINGS ARE LOOKING UP!

Next time you come down, look up at our ceiling in the Family Center. The ceiling, once insulation and chicken wire, is now covered with a fine white material. This has made a big difference in the appearance of the church and our prayer is that it will be a welcome sight for our visitors as well! As you approach the Family Center to worship with us, you will be welcomed by our new glass doors before you are welcomed by our friendly congregation! It is great to see natural light shining through! We are also adding two new windows for more natural light!

### Plans for 2022!

We have begun preparation for finishing the work of planting Cape Community Church and being accepted into the Bible Fellowship Church in 2023! We still need your prayers and help. Here is the link to donate for our finishing push in 2022! [churchplantingbfc.org/donate](http://churchplantingbfc.org/donate)

### Family Update

- Vicki and I are now grandparents! Harriet Wooster was born to our daughter Lauren and her husband Luke on November 3rd, 2021. Luke will be graduating from Case Western University Medical School in May and Lauren will receive her Masters degree as well. In March, they will be placed at a hospital for Luke's residency.
- Our son Nick and his wife Courtney bought their first house in Eagleville, PA and are still thriving and working from home. Courtney works for a non-profit and was recently promoted.
- Jillian and her husband Steve continue to thrive as they work from their home in Wernersville, PA. Steve recently was promoted at Davita, where he and Jillian, (and Nick) work.
- Vicki had Covid last September and continues to struggle with minor sinus issues. My Transverse Myelitis has remained stable. My right leg strength is still not where I would like it to be, but it has not slowed me down. In May 2021, I was diagnosed with prostate cancer. Praise God we caught it early so we have the luxury of watching for a time before arriving at the best plan for treatment! I will be having another biopsy in March. The prayer is that we will know the next course of action.

June 1st will mark seven years of ministry for Vicki and me in Cape May! Thank you all for your years of prayer and support as we seek to do the Lord's will in New Jersey and finish the work. I currently have a deficit of \$500 a month so please consider how you can help Cape Community Church cross the finish line and really get started!

Blessings,

Brad and Vicki Boyer
