Moving Out and Ready to Grow

Elks Lodge

On January 12th of this year, we were finally able to begin worshipping in a new and larger worship space. The move to the West Shore Elks has been a blessing and has surpassed all our expectations. Not only is the space bigger, it is brighter, the acoustics are better, and the seating is more conducive to worship and fellowship. Our new space will accommodate up to 90 people, but we have the option of using a ballroom should the Lord bring growth.

Public Launch! March 2, 2025

Last week we celebrated our Public Launch! We gave thanks to the Lord for his abundant mercies in this first year of our existence as a church plant and looked with anticipation at the wonderful gospel opportunities ahead for us as we seek to be a light in Silver Springs Township and beyond. With a new meeting space and a firmly established and mature core group, we are poised and ready to grow this gospel ministry. The Lord has afforded us many opportunities for outreach including a Good News Club at a local elementary school and on-going ministry to the residents at Legend at Silver Creek, a senior living community.

Praise & Prayer:

- *Praise the Lord for a strong and unified core team! Pray that we'd continue to grow in knowledge, love and unity.
- *Praise God for a larger and brighter worship space.
- *Praise the Lord for our Good News Club at Winding Creek Elementary. Roughly 35 students attend weekly!
- *Praise the Lord for our continuing ministry at Legend: Bible study on Tuesdays & worship service Sundays at 1PM
- *Pray that the Holy Spirit would open hearts and minds to receive the gospel as we go out evangelizing. Pray that we would be bold in proclaiming the good news and that we would speak it clearly as we should.
- *Pray that we would be a welcoming church, hospitable to guests, and that we would be successful in assimilating visitors into the body at Living Hope.
